Some notes about the space station

- Yes, this is a space station! We organize tours to show you around (in groups of 0). Please ask at the bar!

Some notes about the space station

- Yes, this is a space station! We organize tours to show you around (in groups of 0). Please ask at the bar!
- Please ask people, if they want to be photographed (when not in mainhall or seminar room), **before** doing so!

Some notes about the space station

- Yes, this is a space station! We organize tours to show you around (in groups of 0). Please ask at the bar!
- Please ask people, if they want to be photographed (when not in mainhall or seminar room), **before** doing so!
- Respect the non-member areas (read the signs)! You can have a look at them during one of the tours.

- Please watch your things!

But there are so many questions!

- If your questions can't be answered reading the FAQ, come ask us!

But there are so many questions!

- If your questions can't be answered reading the FAQ, come ask us!
- Try not to bother Room Angels with general questions during their shifts, if it's not room related. Their shifts can be found in the schedule.

But there are so many questions!

- If your questions can't be answered reading the FAQ, come ask us!
- Try not to bother Room Angels with general questions during their shifts, if it's not room related. Their shifts can be found in the schedule.
- Linux Sound Night: People, who want to perform, should come and talk to us, so we can figure out the requirements.
